Civil No. _____

MICHAEL J MISKE JR

Defendant(s)

Criminal No. 19-00099 DKW-KJMNOTE FROM THE JURY # 3

Your Honor,

The jury has not reached consensus regarding the application of Instruction 26. Some believe that in order for the defendant to directly conspire, he must condone, participate or benefit from one or more specific acts of robbery or drug trafficking. Others believe that the general protection provided by the defendant ~~the~~ members of the conspiracy satisfy the first element of Instruction 26 even though the defendant did not have specific knowledge of or participate in most robberies or drug transactions.
